SUBMISSION OF PAPER FOR PLACEMENT IN FILE

Sir:

Submitted herewith for placement in the file is a copy of an official action issued in the Korean counterpart of the present application. In that official action, JPA 2001-075687 A, already cited in this application, is cited.

On information and belief, no translation of the official action is currently available; for that reason, and because the official action is not a prior art reference or co-pending application and so should not be listed on the face of any patent that may issue from this application, the attached copy is merely submitted herewith for placement in the file. Should a translation become available, such will be submitted to the Examiner so that he or she can review the contents of the official action; if the Examiner is able to read Korean, of course, it is requested that he or she kindly review the document and indicate in the record that such has been done.

Applicant's undersigned attorney may be reached in our New York office by telephone at (212) 218-2100. All correspondence should continue to be directed to our address given below.

Respectfully submitted,

/Leonard P Diana/
